ACCESSORIES & PROMOTIONAL ITEMS

PIP EZ Cool® Evaporative Cooling Towel and Neck Wrap

- When activated simply in a small amount of water, the amazing fabric feels cooler than the ambient temperature and will remain cool for hours.
- If it dries out just add water, give it a quick wring and it's ready to continue cooling.
- Ideal for use in warm environments for protection from the stress of high temperatures, outdoor and indoor.

Ask your service representative about logo options. Minimum 12 piece order for custom logo. Additional charges apply.

Maybe You've Noticed Us Scanning Your Garments

WE TACKLED UNIFORM SHORTAGES HEAD ON

We're listening. And we know that missing uniforms can leave your team frustrated. So we deployed the most advanced bar-code and scanning technology available to track garment inventory. We call it TruCount, and we deploy it for 100% of our uniform rental customers.

With TruCount we know, and you know, exactly where your team's uniforms are from the time garments are turned in to be laundered...to back to you clean and crisp the following week.

WEEKLY VERIFICATION

At each service visit your Cintas Service Sales Representative will give you an on-the-spot print out showing exactly the number of garments scanned in to be laundered. The following week, we bring back those same garments clean and crisp, and match it against the report to verify we brought back the same garments we scanned out.
